Reference: MOTION TO INTERVENE for Public Utility District No. 1 of Snohomish County application for a preliminary permit for Admiralty Inlet Tidal Hydroelectric Project (FERC Project Number P-12690-000)

Dear Secretary Salas:

The Sauk-Suiattle Indian Tribe reserved the right to take fish at usual and accustomed grounds and stations” in Section 5 of the Treaty of Point Elliott of 1855. That right, so crucial to the Tribe’s livelihood, survival, and culture may be affected by the Admiralty Inlet Tidal Hydroelectric Project. The Sauk-Suiattle Indian Tribe is also by federal court order a co-manager of the fish and wildlife resources of the Skagit River Basin along with the Washington Department of Fish and Wildlife, Swinomish Indian Tribal Community and Upper Skagit Indian Tribe.

Admiralty Inlet is a major migration route for all five species of Pacific salmon that return to the Skagit River. The Admiralty Inlet Tidal Hydroelectric Project may alter migration or cause direct mortality on migrating salmon that are vital to the Sauk-Suiattle Tribe. Admiralty Inlet may also be used as a rearing area for salmon, steelhead, forage fish and shellfish. The project may reduce the productivity of rearing habitat or cause direct mortality of fish and shellfish rearing within the project area.

The Sauk-Suiattle Indian Tribe respectfully request that its motion to intervene in project P-12690 be granted.

Contacts for this project should be listed as:

Gloria Green
Chairman, Sauk-Suiattle Indian Tribe
5318 Chief Brown Lane
Darrington, WA 98241-9420

Stan Walsh
Hydropower Biologist
Skagit River System Cooperative
P.O. Box 368
LaConner, WA 98257

Sincerely,

Gloria Green
Chairman,
Sauk-Suiattle Indian Tribe
