Re: **Errata to Application of the Snohomish County PUD for Preliminary Permit
Project No. 12698 – Guemes Channel Tidal Energy Project**

Dear Secretary Salas:

Public Utility District No. 1 of Snohomish County, Washington (“Snohomish County PUD”) filed a Preliminary Permit Application for the Guemes Channel Tidal Energy Project with the Federal Energy Regulatory Commission (“Commission”) on June 19, 2006. That Application was assigned Project No. 12698.

On page 1, in section 2, of that Application, we inadvertently listed the County in which the project would be located as San Juan County. The proposed project would actually be located in Skagit County. Skagit County is correctly listed in all other sections of the application, including on page 3, section 8.

We apologize for any inconvenience this error has caused.

Should you have any questions or concerns, please contact me at (425) 783-8250.

Very truly yours,

Jeffrey R. Kallstrom
Senior Counsel
