Whidbey Environmental Action Network (WEAN) respectfully moves the Commission, pursuant to 18 C.F.R. §§ 385.210, 211, 212 and .214, to grant intervention in the above-entitled matter. WEAN is filing this motion for intervention in response to the June 22, 2006, Notice of application Accepted for Filing and Soliciting Motions to Intervene, Protests and Comments in Project No. 12689-000. The reasons in support of WEAN's right to participate in this matter are:

1. Public Utility District No. 1 of Snohomish County, Washington ("Snohomish PUD") has filed an Application for a Preliminary Permit pursuant to Federal Power Act, 16 U.S.C. §§ 791(a) – 825(r), for a project known as Spiedon Channel Tidal Energy Project, to be located within the marine waters of Puget Sound. the project area may be degraded. The natural environment, including aquatic resources, shorelines, and terrestrial sites with supporting infrastructure may be degraded. This may cause loss and degradation of the recreational, economic, and educational opportunities and experiences of WEAN's members. Therefore, WEAN has a significant interest which may be affected by the outcome of the proceeding. The interest of WEAN's members is not represented by any other current party.

4. In addition to representing its members, WEAN is an organization representing the broader public interest. Therefore, WEAN's intervention is in the public interest. WEAN's participation will assist full development and consideration of all material facts and issues required to be considered in this proceeding.

5. Therefore, good cause having been shown, WEAN respectfully requests pursuant to Commission rules that it be permitted to intervene and be made a party to these proceedings. It requests the right to have notice of and appear at any and all hearings or proceedings, to produce evidence and cross-examine witnesses, to be heard through its representative, through written and oral argument, to be served henceforth with copies of all pleadings, applications, and notices and for such other participation and relief as may be appropriate.
