

**UNITED STATES OF AMERICA
FEDERAL ENERGY REGULATORY COMMISSION**

**NARROWS TIDAL ENERGY
HYDROELECTRIC PROJECT**

PROJECT NO. 12612-000

**STATE OF WASHINGTON
DEPARTMENT OF FISH & WILDLIFE'S
MOTION TO INTERVENE**

Pursuant to Rules 212 and 214 of the Federal Energy Regulatory Commission's (FERC or Commission) Rules of Practice and Procedure, 18 C.F.R. §§ 385.212, .214, Washington Department of Fish and Wildlife (Department), hereby moves to intervene in the above-captioned proceeding. The grounds for this motion are:

I.

The names and addresses of the legal counsel for the Department and the Department's main staff contact are below. Copies of all orders, notices, pleadings, and correspondence related to this proceeding should be directed to:

William C. Frymire, Senior Counsel
Attorney General Of Washington
Fish & Wildlife Division
1125 Washington Street S.E.
P.O. Box 40100
Olympia, WA 98504-0100

Email: billf@atg.wa.gov

and:

Lauri Vigue
Department of Fish & Wildlife
600 Capitol Way N
Olympia WA 98501-1091

Email: viguelav@dfw.wa.gov

II.

The Department is an agency of the State of Washington with jurisdiction over state fish, shellfish, and wildlife resources and charged with the duty of protecting, conserving, managing, and enhancing those resources. Wash. Rev. Code, Title 77. Pursuant to these statutory obligations, the Department brings this motion to intervene on behalf of the citizens of the State of Washington, who, by the law of that state, own the fish and wildlife resources.

III.

The Department is a state fish and wildlife agency which is required to be consulted in determining losses to the fish, shellfish, and wildlife resources caused by construction and operation of hydroelectric projects, and to be consulted in identifying the appropriate measures to preserve and enhance those resources. Fish and Wildlife Coordination Act, 16 U.S.C. § 662(a), (b). The Department is authorized to provide recommended terms and conditions to the Commission that shall be included in any new license unless the Commission publishes written findings that the Department's recommendations are inconsistent with applicable law. Federal Power Act, 16 U.S.C. § 803(j); 18 C.F.R. § 4.34.

IV.

Tacoma Power, filed an Application for a Preliminary Permit pursuant to Federal Power Act, 16 U.S.C. §§ 791(a) – 825(r), for a project known as Narrows Tidal Energy Project.

V.

The proposed Narrows Tidal Energy Project would be located in the southern portion of Puget Sound, an inland marine waterway of the northern Pacific Ocean, Pierce County, Washington. The proposed Narrows Tidal Energy Project would consist of units resembling windmills with slow-moving blades, vertical shaft with blades, and hour-glass-shaped generators that develop capacity ranging from 90 to 750 kilowatts. The proposed Project would be located deep enough in the Tacoma Narrows to allow unencumbered marine traffic. Also included are a proposed transmission and appurtenant facilities. The proposed Project would be connected to Tacoma Power's existing transmission system. This proposed Project may adversely affect fish or wildlife under the jurisdiction of the Department.

VI.

For the above reasons, the Department has a significant interest which may be directly affected by the outcome of this proceeding, and this interest is not adequately represented by existing parties. The Department's participation in this proceeding is in the public interest.

VII.

THEREFORE, in order that this proceeding be fully developed in accordance with the applicable law, and that the Commission have before it all the material facts relating to this project, the Commission should grant the Department intervener status.

PROOF OF SERVICE

I certify that I served a copy of this document on all parties or their counsel of record on the date below as follows:

US Mail Postage Prepaid via Consolidated Mail Service, E-mail or State Campus Delivery

I certify under penalty of perjury under the laws of the state of Washington that the foregoing is true and correct.

DATED this 9 day of January, 2006, at Olympia, WA.

CLARA KIPP
